

PROGRAMME IN EUROPEAN PRIVATE LAW FOR POSTGRADUATES

The Covid-19 outbreak has significantly reshaped the way our professional and academic activities are carried out. For the first time, the University of Genoa will hold its PEPP round fully online – on the MS Teams platform.

Lectures are pre-recorded and available for students to watch, starting from the week of September 21, 2020.

On September 24 (15.00 Italian time zone), a lively event connected to the En2Bria research project, co-funded by the European Union, will also take place online – giving, at the end, space for professional networking.
